Patent Pump £7 15. 0
Patent Pump, with 15 feet of lead pipe attached, and bolts and nuts ready for fixing 9 0 0

Larger sizes if required.

May be obtained of any Iron-monger or Plumber in Town or Country, or of the Patentees and Manufacturers,

JOHN WARNER and SONS, 1, Cresswell, Jewin-street, London.

Every description of Machinery for Raising Water, Fire, Engines, &c.

The usual allowance to the Trade

THE IMPROVED AMERICAN CENTRIFUGAL PUMP, equally well adapted for high and low lifts, guaranteed to be superior to any other in use, can be purchased at less cost than the so-called Appold Centrifugal Pump, whose original merit was the application of centrifugal force to the raising for which in the property of Mr. Gwynne, (see Practical Mechanics' Journal, Sept. 1851.) Also the Patent Balanced Pressure Wheel, adapted to all situations, and may be used as a tidal wheel. And the Centrifugal Blowing Engine for producing a blast of great density. Orders and communications will have attention.—JOHN GWYNNE, 1, Agar-street, Strand, London.

AMERICAN ANTI-FRICTION POWER, for which was awarded the Great Council Medal at the late Exhibition. The above invention is fully protected by patent in Europe, America, and the Colonies abroad. In America it is now in application to the following enormous and profitable concerns, examples of which are on view at the office:—For punching and shearing metals—presses for paper, cloth, cotton goods, tobacco, linseed, and other vegetable oils, sperm and animal oils, wine and vegetable pulps, as beetroot, &c.—embossing machines—printing and stamping presses—engines for smoothing steam, earthenware, porcelain, china, &c.—corrugating metals—straightening rail-way axles—jack screws—forcing railway wheels on axles—railway breaks—hoisting weights—drawing piles and tree stumps—coal and ore-carrying frames—ore mill dogs—wire—sieves and sieve-making machinery—bolt and nut machines—steel-pen makers—stamping up the plates—jewellery work, &c. Engines and machines for above purposes will be kept constantly on hand. The application of machinery for other purposes, as raising stubborn vessels, grawing docks, &c., will be arranged for on liberal terms.—Particulars may be had, and machinery inspected, on application to Mr. GWYNNE, 1, Parliament-street, Westminster.

WIRE-WORK for CEILINGS, manufactured by BUTLER and SON.

An allowance to the Trade.

WORKS—MILLWALL, and BIRMINGHAM.
LONDON OFFICE, 3, MANSION-HOUSE PLACE.

IRON BUILDING and ROOFING WORKS,
BIRMINGHAM, late of Smethwark.
JOHN M. PORTER,
Manufacturer of the Corrugated and other kinds of Iron Roofing for railway stations, carriage sheds, farm buildings, pig-works, warehouses, factories, &c. &c.

PATENTEE
Of the Corrugated Iron Bargues, Girders, and Fire-proof Floors.
LONDON—Offices 36, Cornhill.

THE PATENT
GALVANIZING and CORRUGATING IRON COMPANY,
JOHN SYMONDS and Co., Managers.

The Company having made considerable improvements in the mode of working CRAUFURD'S PATENTS, and being able to galvanize larger work than was formerly practicable, they are in a position to execute orders to any extent, in a manner hitherto unequalled, and respectfully solicit the favours of builders, contractors, and others.

ON HAND, sheets, plain or corrugated, for iron houses, sheds, railway stations, &c.—Cased to order, if required. Wire, piping, guttering, &c., for home use and exportation.

N.B.—Orders to be galvanized, sent for and returned free of charge, within three miles of the Tower; and all light goods received by Nine o'Clock will be returned the same day, if required.

OFFICES—10, CIRCUS, MINORIES.
WORKS—GLASS-HOUSE-YARD, opposite the London Docks.
. A discount allowed to the trade.

THE CORRUGATED and GALVANIZED IRON ROOF,
PORTABLE BUILDING AND
SMITH'S PATENT FLOORING, ROOFING, AND GIRDER WORKS,
Offices, 63, Gracechurch-street.

JOHN WALKER, son of the Patentee of Corrugated Iron, calls the attention of Architects, Engineers, &c., to his List of Prices, which, consistently with good workmanship, are extremely low.

Models of the patent iron flooring, corrugated or not, and girders; also, drawings of roofs on peculiar principles, may be had on application.

Specimens of the iron lighthouse spoken of in the Times and other papers see the *Exposition* for February 28th, may be seen by appointment.

References to firms of the highest class can be given.

SMITH'S PATENT
WROUGHT-IRON Fire-proof Flooring.
JOHN WALKER, Sole Manufacturer and Licensee.
Offices, 63, Gracechurch-street.

FIRE-PROOF FLOORS.

The late lamentable accident in Gracechurch-street serves to prove that where cast iron is the foundation on which floors, &c. are made, much confidence cannot be placed on it. This induces John Walker to earnestly solicit the attention and inspection of Architects, Engineers, &c. to Mr. G. SMITH'S PATENT FLOORING, of which J. W. is the sole licensee and manufacturer. The material is wrought iron, and therefore not subject to sudden fracture, as cast-iron is—and wood is not introduced.

Descriptive pamphlets may be had, models may be seen, and every information obtained, at JOHN WALKER'S OFFICES, 63, Gracechurch-street.

MANUFACTURER OF CORRUGATED IRON.

CHURCH and TURRET BELLS cast to any weight, and tuned. Ship, plantation, hand, sheep, cup, and clock bells of any size.

PAVING, 2s. 9d. PER SQUARE YARD. —Basements, Foot-walks, Wait-houses, Corn Stores, Floors of Warehouses, and every description of Pavement laid down at the above low price, and the work guaranteed.—Apply to JOHN PILKINGTON'S ASPHALTE and BITUMEN PAVEMENT OFFICE, MONUMENT CHAMBERS, 14, FISH-STREET-HILL.—N.B. Country Agents and Railway Engineers and Contractors supplied with the best bitumen for covering bridges and arches.

PAVING, 34s., 42s., and 46s. per 100 feet; Polished Slab, 3in.; Harwich slab, are 2in.; Slabs, 1s. 6d. per foot (in large assortment Paper); Copings, Flats, Steps, &c.; Purbeck Landings and small; Curbing, 40cm. and Rubble stones at very low prices. Pavings, 36s. per 1,000; Plain tiles, 18s. 6d.; stone or clay. Chimney pots, of all sizes. Hearths, jambs, &c., made to order.—E. and W. STUBBS, Bridge-street, Chepstead.

EXHIBITION PRIZE MEDAL!—RANSOME and PARSONS beg to draw the attention of Architects, Builders, and Others, to their PATENT STONE, which, in its composition, differs essentially from all other artificial productions for a similar purpose.—First forming the basis in character, texture, and appearance, it is made to resemble every kind of natural stone, its pleasing, from the finest marble to the coarsest sandstone, and to possess all their valuable and enduring properties, without being liable to any of their defects. It is especially applicable to all kinds of architectural decorations and fountains, balustrades for terrace walks, vases, and pedestals, &c.; also for all varieties of plain and ornamental flooring. In price it is far below the cost of any natural product, and, in many cases, can be furnished as low as ordinary cement. Copies of Busts, Statuary, or other Works of Art, can be produced in the fine-t Patent Stone or Scagliola as in Plaster of Paris.

IMPORTANT TO WATER COMPANIES, MANUFACTURERS AND THE PUBLIC.

RANSOME and PARSONS beg to call the attention of Water Companies, Manufacturers, and others to their

PATENT STONE FILTERING SLABS,

which are capable of filtering from 100 to 200 gallons of water per superficial foot per day, with a head of water varying from 2 to 6 feet. These slabs can be produced to any required dimensions, and, consequently can be adapted to any cistern, tank, or reservoir. By a simple preparatory arrangement, they are prevented from being in any way choked or impeded in their action. Price 3s. per superficial foot.—Full descriptions and prices of their other descriptions of Filters will be supplied on application.

IMPORTANT TO BRICKMAKERS AND CONTRACTORS.

RANSOME and PARSONS are also the Proprietors of

HALL'S PATENT BRICKMAKING MACHINE,

capable of moulding 10,000 Bricks per day and upwards, which are superior to those manufactured by hand, and are produced at considerably less cost.—Communications to be addressed to the Patentees, Messrs. RANSOME and PARSONS, Flint-street, Ipswich.

CAEN AND AUBIGNY STONE.

LUARD, BEEDHAM, and CO., QUARRYMEN AND STONE MERCHANTS, CAEN WHARF, ROTHERHITHE, LONDON.

Specimens, prices, and other information furnished upon application at the wharf as above. Specimens may also be had at the office of "The Builder."

CAEN and AUBIGNY STONE.

P. POUCARD, Stone Merchant and Quarry Proprietor, Quai des Abattoirs, Caen. Depôt at the Wharf of Messrs. Grimaud, Pinson, Jordan, Tilly, Caen Pier-ground, Pimlico, &c., and at the lowest possible prices for Cash. Portland Rag-stone, Ledgers, Steps, Landings, &c., and Dressings for the above notice. Tenders may be sent to the Agent, Mr. Joseph Bevis Pigeon, 65, Pimlico, &c., and Messrs. Grimaud, Pinson, Jordan, & Co., 65, Pimlico, &c. Prompt attention paid to country orders.

CORSHAM-DOWN, and other BATH and PAINSWICK STONE.—MARTIN and WOOD beg to inform their Friends and the Building Trade generally that all orders and inquiries for the above Stone will be promptly attended to if addressed to MARKET WHARF, REGENT'S PARK-BASIN.

BATH STONE of the best quality.—RANDELL and SAUNDERS, Quarrymen and Stone Merchants, Bath.—Depôts: Great Western Railway Station, Paddington; Basin-yard, Liverpool; Broad-quay, Bristol; Hope-street, Liverpool; Bridge-dale, Manchester.—List of prices of Bath Stone at the quarries and also delivered to any part of the kingdom furnished on application.

BATH STONE DEPOT Great Western Railway, Paddington.—EDWARD PLOMTER respectfully informs Builders, Masons, and others, that he continues to supply the Box Hill Ground Stone, Corsham-down, and Farleigh-down Rocks, of the best quality, and at the lowest prices. Packages and parcels of from three to twelve, cap, landings, or slabs of any thickness.—N.B. Stone and other goods loaded and carted.

STIRLING'S BELVEDERE SLATE WORKS, Belvedere-road, Lambeth.—A reduced list of prices of the best WELCH SLATE SLABS, planed both faces, will be sent on application; post-paid; being made, and for forwarding to private stamp. The prices are under those advertised for inferior slates.

THE PIMLICO SLATE WORKS. — Patronized by Royalty, the Heads of the Nobility, the Clergy, Architects of Reputation, Builders, Railway Contractors, and the Public generally.—MAGNUS'S ENAMELLED SLATE notwithstanding the vile counterfeits and infringements of his patent that are attempted to be palmed upon the public, being impervious, more durable, and very much cheaper than marble.—Price lists and a sheet of drawings, sent to any part of the kingdom gratis. Cisterns, Plinths, Steps and Landing Slabs, Wine Cellar Fittings, Slabs, and every variety of plain Slate Work, at prices that defy competition.—48 and 49, Upper Belgrave-place.

VALENTIA SLATE SLABS.—The Valentia Slate Company invite attention to their Slabs now supplied, of very large dimensions and of superior quality. They have been used at the British Museum, National Gallery, Bethlem Hospital, various lunatic asylums, the Grimsby Docks, Wedel Prison, Pentonville, and other penitentiaries, Malting Floors in Hertfordshire and Herefordshire, Breweries, the Race stand at Brighton, Portsmouth Barracks, and are kept in stock in large quantities at Freeman's Wharf, Millbank-street; also by Wards, SHARP, Tooley-street; and Messrs. SHARPS, Belvidere-road, where terms may be obtained.

TERRA COTTA AND SCAGLIOLA manufactured by J. M. BLASHFIELD, Mill Walk Isle of Dogs.—Terra cotta friezes, capitals, casts of arms, chimney shafts, trusses, flower pots, and all ornamental work required to stand frost and frost, without cracking or changing colour, may be had at nearly the same cost as casting in cement.

Terra Cotta is more durable than iron, granite, marble, or stone, and may be made of black, red, and light stone coloured of every shade. It can be more quickly and economically wrought than either stone or marble, and produced true to the original work designed and fired in this material without moulding and the expense of sculptural work from the hands of the artist.

PRIZE MEDAL for TERRA-COTTA to M. H. BLANCHARD, late of Coade's Original Works, having acquired the quality of Material and Workmanship.

M. H. B. begs to solicit the attention of the Nobility, Gentry, Architects, Builders, &c., to this invaluable and imperishable material which has been used, or approved by our eminent Architects and others in the adornment of our national buildings, is now applicable to groups, statues, friezes, capitals, pinnacles, finials, terminals, Tudor and other chimney-shafts, balustrading, fountains, vases, tazzas, urns, coats of arms, devices, ornaments to ridges, and every description of Architectural embellishments, at prices to defy competition.

Works, King Edward-street, Westminster-road, London.

TO BUILDERS, ENGINEERS, IRONMONGERS, AND OTHERS.

FIRE BRICKS!—GREAT REDUCTION in PRICE!—Best Delivered from shore in the Thames, at 8l. per thousand; Pattern Goods, Backs and Linings for Stoves and Fire-places, and any Goods made to Order, Cheap and at much lower rate than Inferiors. White and Red Suffolk, and other Facing Bricks. Dutch and English Clinkers, and every description of materials of the best manufacture cheaper than any other house.—WARD and CO., Importers and Exporters, Woodgrove Wharf, Rotherhithe; and 3 Jamaica Coffee-house, Cornhill, London.

BRICKS.—H. DODD is enabled to offer his BRICKS, which are of good quality, at the following low prices; and as his fields are only a quarter of an hour's walk from the Clay, he confidently expects that purchasers will do well with a visit, in order to inspect his stock and to judge for themselves:—

	Per Thousand.
Marls cutters	30s.
Yellow stocks	30s. "
Pale commons	28s. "
Paviors	28s. "
Pluckings	20s. "

Delivered within three miles of the fields.

Marls place, half-vitrified clinkers, and other bricks, at equally low prices. These bricks are round, well burnt, and essentially free from defects; a very large proportion of the stock being suitable for arches and facings. Apply to HENRY DODD and Co., at the Commerce-house, Rose-in-Bramble, Grange-walk, near the Rosemary Branch, Hoxton. N.B.—Good pit sand of approved quality constantly on sale, upon reasonable terms; this could, from its not containing any saline matter, be advantageously to be preferable to river sand.

LONDON SMOKE.—The new Act for the Prevention of Smoke having come into operation on the 1st of January, all persons offending against it are liable to a penalty of 5l. per day. By 20 & 21 Vict. c. 3 and 21, Portland-terrace, Regent's-park, beyond, London, respectfully informs the public that he has a PATENT PLAN for the ANNIHILATION of SMOKE, which saves fuel, is cheap, perfect, and complete. It does not require brick chimneys, but only wooden or iron pipes in them. It may be seen at work daily at the above-named works. It is not connected with any contrivance, the whole being the arrangement of a few bricks made on purpose for the construction, and may be put up by a common bricklayer.
